

## **Some news from our 2011 building in Myanmar!!!!**

Here is the short report from our friend Tinn Winn Nge in Myanmar. She oversaw the building and helped us every way. Thank you Nge-nge.

Hello Sunim,

Hope you are good well. Last week, we went to Twantay where you donated building at there, Here with attached update photos for you to see. The orphanage school is well and maintained under the supervision of Monk. No. of children are getting increased, from 650, it's about to closed 1000 no. of kids ( between 2 years to 16 years of ages) We donated lunch for all kids, and arranged medical check up and one day clinic for all kids.

Your DAC's building is still good looking , however inside is too crowded and tide because of many of girls are living in there. Toilets and bath rooms are Ok.

Let me know if there you may need from here, we look forward to doing charity together again.

Take care, Nge-Nge
